The in-kind aid will be collected and sent to the affected areas by Turkish Red Crescent's Delegation in Erbil. Those who want to help may deliver the aid materials to the Red Crescent warehouse located in the "Gwer Road, Warehouse Area" of Erbil.

It is important to give priority to materials that are easily transported and urgently needed in the region such as winter clothes, blankets, sleeping bags and durable (canned) food. **It is expected that the donated materials have not been used before, and to ensure swift delivery, it is kindly requested that the materials in question are already packed.**

For contact and detailed information, you may reach the Turkish Red Crescent's Delegation in Erbil at +964 751 224 8191 and our Consulate at +964 751 501 9480.
